

PATIENT'S RESPONSIBILITIES

The responsibilities of the patient at this center are as follows:

1. To provide correct information on the patient registration form.
2. To provide the nursing staff with a complete health history, including allergies, medical history and current medications.
3. To follow preparation instructions and to call with any questions or problems.
4. To bring a responsible adult driver/care giver as requested.
5. To follow the physician's post-operative instructions.
